

Acquaviva

Description of Arms :

Bandato ondato innestato d'oro e di nero.

Index

Principal Title : Prince of Acquaviva.

Creation : Italy, 1665.

Subsidiary Titles : Marquis of Assigliano (1641) and Torrepiana.

Family Name : Mari or de Mari.

Family History : This family, described as being of the old nobility, comes from Geneva and was mentioned in the XII century. It endowed that city state with four *Doges*, several consuls and senators and one cardinal.

One branch, now extinct, carried the titles of Prince of Acquaviva, Duke of Castellaneta etc. General recognition was awarded by the Italian State in 1929.
