Principal Title : Count Henckel, Prince von Donnersmarck.

Creation : Prussia, 1901.

Subsidiary Titles : Baron (1636), Count (1651),

Family Name : Henckel von Donnersmarck.

Family History : This is an old family of Hungarian origin. In 1417, the Emperor Sigismond authorised three brothers, Peter, Jakob and Nicklaus Henckel de Quintoforo, to bear arms..

They slowly accumulated honours, including that of baron and baron of the H.R.E., in the early XVII century. In 1651, this rank was elevated to that of Count, with the style of *Hoch und Wohlgeboren*. Their various styles and titles were recognised, separately, in Austria, Bohemia et al.

In 1901, the Prussian title of “Count Henckel, Prince von Donnersmark” was published. With this went the style of *Durchlaucht* or Serene Highness but only for the head of the family. Other members are adressed as Count.
