

Kougouchev

Description of Arms :

Principal Title : Prince Kougouchev.

Creation : By tradition.

Alternative Spelling : Kuguchev, Kougoucheff, etc ...

Family Name : Kougouchev.

Family History : This, like the Koudachev family, is of Tartar descent. The line goes back to Aktougache, Mourza Kougouchev, living in the XV Century. The Tartars were a mixture of Mongol and Turkish peoples, who invaded the West in the XII Century and settled in the region around the Volga, where the republic of that name still exists..

This family, whose status as princely has been recognised since the XVII Century, has also split into two main branches - those of "Toula" and "Oufa". The former is represented in France, the latter in the United States.
