Index

Principal Title : Marquis de Baides.

Creation : Marquisate, Spain, 1622.

Subsidiary Titles : Prince d'Anglona in Sardinia.

Family Name : Valeriano y Marquez.

Family History : The title of marquis, which is the one normally used by this family, was created in favour of don López de Zuñiga y Velasco. That was in 1622 and the Zuñiga family was already one of the greatest in Spain. The Duke de Béjar, also a member, was one of the original twenty-five Grandees of Spain, created by Charles Quint in 1520.

However, the family also bears the title of Prince d'Anglona in Sardinia.
